[Brantly B2 Bubble, Main & Tail Rotor Covers & Tie-Downs](#)

### COVERS FOR BRANTLY B2 HELICOPTER

**Bubble Covers are made of nylon Silver Laminate.** Bruce's Custom Covers developed Silver Laminate especially for aircraft protection. The outer material is a medium weight nylon treated for ultraviolet resistance and anti-static buildup. The inner lining is brushed nylon tricot knit. Silver Laminate is extremely reflective. Tests show that the cabin interior temperature can be reduced by as much as 25 degrees. It is water, ice and snow repellent, yet it is breathable enough to allow moisture to escape from between the cover and the windshield surface. Silver Laminate contains no hydrocarbon compounds which can harm plexiglass windshields and acrylic finishes.

**The Brantly B2 Rotor Hub Cover** overlaps with the blade covers to insure complete protection for the entire main rotor. It is made of heavy weight nylon and fastens securely with Delrin buckles.

**The Brantly B2 Tail Rotor Cover** is a one-piece design which fits over the blades, hub and gearbox. It fastens with snaps along the bottom edge. Made of medium weight nylon, tabs have been sewn into the tips of the cover so that it may be tied down in high winds.

**Brantly B2 Blade Tie-Downs** are "socks" which fit over the blade tip with or without blade covers installed. Each tie-down is fitted with a generous length of rope. Made of heavy weight nylon, tie-downs are available as a complete set, or individually.

Brantley B2 Bubble, Main & Tail Rotor Covers & Tie-Downs

**CURRENT PRODUCTS LIST as of: February 22, 2008**
