

Tech Sheet: Airbus Helicopter EC-225

(airbus-helicopter-AH225.pdf)

The **Airbus Helicopter EC-225 Canopy/Nose Cover** helps reduce damage to the upholstery and avionics caused by excessive heat and can eliminate problems caused by leaking door and window seals. They keep the windshield and window surfaces clean and help prevent vandalism and theft.

Canopy/Nose Covers enclose the entire canopy including the windshield, skylights, and chin bubble. Attachment buckles are made of nonmetal *Delrin*, designed for rugged outdoor use. Both the top and bottom hems of the cover have a special rope-hem feature with which they can be tightened to help prevent abrasive chafing of the windshield. Pockets are sewn into the cover for the temperature probe and pitot tubes. The bubble cover is reinforced with patches at hinge points, door handles, and for the windshield wipers. For ease of installation, the bubble cover is color-coded (red=left, green=right) with color swatches sewn into the corners.

Each **Canopy/Nose Cover** is normally made from Silver Acrylic --*Sunbrella* or Silver Solution-Dyed Polyester and is lined 100% with a soft and smooth microfiber. Bruce's Custom Covers developed this material combination especially for aircraft protection. The outer material is medium weight and treated for water resistance, UV resistance and anti-static buildup. The inner lining is a very soft and smooth microfiber to prevent scratching. The materials are extremely UV reflective, and tests show that the cabin interior temperature can be reduced to near-ambient temperature on even the hottest of days. It is water, ice and snow repellent, yet breathable enough to allow moisture to escape from between the cover and the aircraft surface. Our materials do not contain hydrocarbon compounds that can harm Plexiglas windshields and acrylic finishes. Other colors are available. Please [contact us]/(contact) for availability and price. We also have an ultra lightweight material available for fitted hangar dust covers.

The **Airbus Helicopter EC-225 Intake Cover**. Details vary by model, but generally helicopter intake covers are designed to

enclose the intake are only. They are smaller than helicopter engine covers, and their attachment details can vary from straps, to snaps, or some combination of the two. Specific information for each model is available on request.

Rotor Hub Covers overlaps with the Blade Covers to ensure complete protection for the entire main rotor system. Designed like a jacket with sleeves and no collar, the rotor hub cover fastens together below each blade with *Delrin* buckles. The Rotor Hub Cover is normally made from Solution-Dyed Polyester.

The **Airbus Helicopter EC-225 Blade Covers** are sewn of medium weight Solution-Dyed Polyester. Cut "full" to avoid trim tabs, Blade Covers can be installed from the ground with the aid of lightweight rope which is attached to the open end. Covers are cinched tight at the blade root with straps and quick-release plastic buckles. A small opening at the tip of the cover allows for some air circulation and drainage. For operations in extremely cold weather, the **Cold Weather Blade Covers** are fitted with full length zippers, and with optional "boots" designed to accept a preheater hose.

Blade Tie-Downs are "socks" which fit over the blade tip with or without Blade Covers installed. Front blade tie-downs have two lengths of rope or strap which attaches to the front cross tubes on either side of the cabin. The other tie-downs have generous lengths of rope or strap to tie the blades down at any convenient spot.

The **Airbus Helicopter EC-225 Tail Rotor Cover** is a one-piece design which encloses both the blades and their hub, snapping closed along the bottom edge. The tail rotor cover is normally made from Solution-Dyed Polyester.

Current Products List (as of 5/19/19)

Description	Part No.	Price
CANOPY/NOSE COVER	AH225-000	\$3,230.00
AIR INTAKE COVER	AH225-100	\$1,675.00
MAIN ROTOR HEAD COVER	AH225-200	\$750.00
MAIN ROTOR BLADE COVERS (set of 5)	AH225-210	\$3,680.00
MAIN ROTOR BLADE COVERS (cold weather type) (set of 5)	AH225-220	\$6,170.00
MAIN ROTOR BLADE TIE DOWNS (set of 5)	AH225-250	\$605.00
EXHAUST COVERS (set of 2)	AH225-300	\$975.00
TAIL ROTOR/GEARBOX COVERS (cold weather type) (set of 5)	AH225-400	\$3,230.00
TRAVEL COVER, Light Weight Travel Canopy/Nose Cover	AH225-800	\$2,585.00

Prices subject to change. Other Covers and Design Alterations: Prices on request.

Prices are FOB Morgan Hill, CA. Sales tax on orders shipped to California addresses. Orders take approximately 3 weeks to complete. For domestic orders we normally ship by UPS ground service. Next day shipping and air parcel post is available on request. We can take payment by Visa, Mastercard, American Express, or Discover.
