

Tech Sheet: DeHavilland Vampire

(dehavilland-VAM.pdf)

DeHavilland Vampire Canopy Cover, Engine Plugs

Section 1: Canopy/Cockpit/Fuselage Covers

Canopy Covers help reduce damage to your airplane's upholstery and avionics caused by excessive heat, and they can eliminate problems caused by leaking door and window seals. They keep the windshield and window surfaces clean and help prevent vandalism and theft.

The **DeHavilland Vampire Canopy Cover** is custom designed for each model, as well as your aircraft's specific antenna and temperature probe placements, if applicable. The Canopy Cover is designed to enclose the windshield, side windows and canopy roof. The Canopy Cover attaches using adjustable "belly straps", which run under the belly and connect to the other side of the cover with a quick-release plastic buckle. When requested, it is also sometimes possible to design Canopy covers that can attach to the aircraft fuselage using pop-riveted snap-heads at the rear and snap-head screws on the engine cowl. The **Canopy Cover** is custom sewn and the corners are trimmed to match the colors of the airplane. The airplane's registration number can be imprinted onto both sides of the cover for an additional charge. A duffel bag is included with all Canopy Covers. Each Canopy Cover is normally made from *Silver Acrylic Sunbrella* or *Silver Solution-Dyed Polyester* and is lined 100% with a soft and smooth microfiber. Bruce's Custom Covers developed these materials especially for aircraft protection. The outer material is medium weight and treated for water resistance, UV resistance and anti-static buildup. The inner lining is a very soft and smooth microfiber to prevent scratching. The materials are extremely reflective, and tests show that the cabin interior temperature can be reduced to near-ambient temperature on even the hottest of days. It is water, ice and snow repellent, yet breathable enough to allow moisture to escape from between the cover and the aircraft surface. Our materials do not contain hydrocarbon compounds that can harm Plexiglas windshields and acrylic finishes. Other colors are available. Please [contact us]/(contact) for availability and price. We also have an ultra lightweight material available for fitted hangar dust covers.

Canopy Covers are commonly referred to as Cabin Covers, Fuselage Covers, Canvas Covers, Canopy Caps, etc.

DeHavilland Vampire Canopy Cover, Engine Plugs

| Description | Part Number | Price |
|--------------|----------------|-----------------|
| CANOPY COVER | VAM-000 | \$695.00 |

Section 3: Plugs & Protection

The **Engine Inlet Plugs** are custom fit for your DeHavilland Vampire intakes, made with heavy-duty vinyl material, and stuffed with a single block of sculpted urethane foam. Each plug has a zipper that allows the foam to be removed and dried if necessary. Engine plugs have 'remove before flight' streamers sewn onto the face of the plugs. Most plugs are imprinted with the aircraft registration number in black. Engine plugs may be inserted after flight when the engine is still warm. Engine Inlet Plugs are commonly referred to as Cowl Plugs, Intake Plugs, Cowl Blocks, Engine Blocks, and Engine Bungs.

The **Engine Exhaust Plugs** are custom fit for your DeHavilland Vampire exhaust openings, made with heavy-duty vinyl material, and stuffed with a single block of sculpted urethane foam. Each plug has a zipper that allows the foam to be removed and dried if necessary. Exhaust plugs have 'remove before flight' streamers sewn onto the face of the plugs. Most plugs are embroidered with the aircraft registration number in black. Exhaust plugs may be inserted soon after flight when the engine is still warm. Engine Inlet Plugs are commonly referred to as Cowl Plugs, Intake Plugs, Cowl Blocks, Engine Blocks, and Engine Bungs.

DeHavilland Vampire Engine Plugs

| Description | Part Number | Price |
|-------------------------|----------------|-----------------|
| INTAKE PLUGS (set of 8) | VAM-100 | \$410.00 |
| EXHAUST PLUG | VAM-200 | \$255.00 |

Section 6: Miscellaneous Products

Wheel or Wheelpant Covers are designed to protect the wheelpants, or the wheel and tires, from sun damage and damage from the tow bar when moving the airplane.

| Description | Part Number | Price |
|--|----------------|-----------------|
| NOSE WHEEL COVER (Specify Diameter) | VAM-510 | \$170.00 |
| MAIN WHEEL COVER (Specify Diameter) (set of 2) | VAM-515 | \$350.00 |

Section 7: Light Weight Products: Travel Covers and FlyAway Covers

The **DeHavilland Vampire Lightweight Travel Canopy Cover** will cover the same area as our standard Canopy Cover, but the material used is very lightweight and will fold up and store in a much smaller space. This cover is ideal for the airplane that is hangered full time and only needs a cover on rare occasions.

NOTE: To preserve their light weight, Travel Covers have a soft lining in selected areas only.
